

It's time for the party!

By: Juli Lema Preciado

-***"It's Saturday!!!"*** - I screamed. I was so excited, because that day my daddy, Mauricio Lema, made a meeting with family of his, some friends of mine, and some family of my mom. The party was at three o'clock in the afternoon: I couldn't wait. At morning, we needed to wake up at 6 am; but I woke up at 5 am. I was the first one to wake up. -***"Granny, are you awake?"***, I asked. My granny answered -***"Yes"***, with a kind of sleepy voice. All of the sudden my mommy woke up -***"Why are you awake so early?"***, she asked. My granny answered -***"Juli woke me up"***. Then, my mom told us that we could sleep more. ***"I can't sleep more"*** I whispered to my granny. I didn't let my granny sleep more, so she woke totally up. We didn't took a bus, so we put normal clothes on. We didn't ate breakfast. We ate breakfast on my farm. When we got to my farm, I took a sleep of two hours. When I woke up, I asked my mom How many minutes or hours, and she answered the same thing I just tell you. After I took the sleep my mom told me that it was better me to take a bath. After that, me and my mom, and the worker Ferney, and for last, the other worker Irma started organizing the things for the meeting like the chairs, the living room, the library and all the rooms. It was almost time to lunch and my cousin Manuela was coming to eat lunch with us. When she was here, she had already ate lunch, but her dad had not eat lunch yet. But then, all of a sudden, my music teacher Luis was already here with his three companions. Then Luis' wife Sandra gave me a bag -***"This is for you"*** she replied. -***"What is it"*** I asked excitedly. -***"Open it"***. And when I opened the bag, I took an object from inside and saw a little fluffy and hairy white bear and replied -***"What a cute thing is this, thank you so much, Sandra!"***. After a minute, one friend of mine called Simon González appeared with his mother Luz Fanny and his father Luis Fernando in the car. -***"Hello"***, I exclaimed. -***"Watch how Mía is walking by herself!"***. Then when we were putting the first foot on my doll-house floor María Echeverri was here. -***"Hi"***, María replaid. -***"Hi"***, I exclaimed. -***"Come and play with us"***, I invited her. When it was almost night, two more boys appeared. Their names were Nicolás and Simón, so we invited them to the park. But, all of a sudden, my uncle - Mauricio Preciado - called us because it was my turn to play *Tutaina* in the piano. After I play the piano, we played to be ***VAMPIRES*** and we played football. Then people started to go away, one by one. But, Simón González and María were here yet. In a minute, Luz Fanny called Simón -***"We are leaving"***. And Simón answered -***"Ok"***. Now we were only my cousin Manuela, María Echeverri and me. Manuela was watching TV, and María and me were playing something like princess need to get through a labirynth to get to the castle. But then, María went home and my cousin Manuela slept with us that night with my granny, Ofelia, and me.

The End
